METHODOLOGY

The Glengariff Group, Inc. conducted a Michigan statewide survey of registered voters. The 600 sample, live operator telephone survey was conducted on February 10-13, 2023 and has a margin of error of +/-4.0% with a 95% level of confidence. 25.0% of respondents were contacted via landline telephone. 75.0% of respondents were contacted via cell phone telephone. This survey was commissioned by the Detroit Regional Chamber.

KEY FINDINGS

Lay of the Land

* By a margin of 22.6%-64.6%, Michigan voters believe the nation is on the wrong track. The wrong track number has been consistently above 60% since 2021. These numbers continue to show profound dissatisfaction with the direction of the country.

Survey	Right	Wrong	No Opinion
October 2020	27.4%	55.9%	16.7%
February 2021	36.6%	40.6%	22.9%
May 2021	35.3%	48.2%	16.5%
September 2021	25.5%	58.5%	16.0%
December 2021	22.8%	62.2%	15.0%
May 2022	16.9%	69.0%	14.1%
December 2022	24.2%	64.0%	11.8%
February 2023	22.6%	64.6%	12.8%

* By a margin of 46.4% right track to 42.9% wrong track, <u>Michigan voters continue to narrowly believe the state is on the right track</u>.

Survey	Right	Wrong
January 2020	44.5%	26.2%
October 2020	44.9%	41.3%
February 2021	46.6%	38.9%
May 2021	40.4%	45.2%
September 2021	38.7%	47.2%
December 2021	31.7%	52.8%
May 2022	31.7%	50.1%
December 2022	47.9%	42.8%
February 2023	46.4%	42.9%

* By a margin of 38.9% right track to 48.1% wrong track, Michigan voters believe the state's economy is on the wrong track. Michigan's economic 'right track' fell from 41.0% in December 2022 to 38.9% in February 2023. Independent voters believe the state's economy is on the wrong track by a margin of 30.5%-52.4%.

The 48.1% who believe the economy is on the wrong track were asked why they believed Michigan's economy was on the wrong track with inflation dominating the responses. Inflation jumped as the primary reason voters believe Michigan is economically on the wrong track jumping from 45% in December 2022 to 55.7% in February 2023.

55.7%	Inflation and the cost of goods
7.6%	Anti-Biden / Anti-Democratic
7.3%	No good jobs/ Unemployment
6.6%	Government subsidies/ Nobody wants to work
4.2%	Taxes/ Government spending

Inflation Continues as Top Issue Facing Michigan

* Voters were asked what the most important issue was facing Michigan today:

25.3%	Inflation/ Cost of goods
10.8%	The economy and jobs
10.5%	Roads and infrastructure
4.8%	Education quality and funding
4.0%	Taxes and government spending

Abortion rights has dropped to 3.0% among Michigan voters.

68.6% Say They Are Doing Better or the Same

* Voters were asked if they personally were doing better, worse or about the same economically as in the past.

30.1% are doing worse.

26.3% are doing better.

42.3% are doing about the same.

The chart below compares how respondents have answered this question for the past four surveys:

Condition	Dec 2021	May 2022	Dec 2022	Feb 2023
Worse	24.3%	28.0%	33.3%	30.1%
Better	25.5%	22.7%	21.1%	26.3%
Same	48.0%	48.0%	45.3%	42.3%

* As with past surveys, Republican voters are driving the numbers that they are doing worse.

Party ID	Better	Worse	Same	Total Better/Same
Strong Democratic	38.5%	14.8%	45.1%	83.6%
Lean Democratic	35.3%	14.7%	47.1%	82.4%
Independent	26.8%	27.4%	44.5%	71.3%
Lean Republican	15.6%	48.9%	33.3%	48.9%
Strong Republican	12.4%	49.7%	37.3%	49.7%

Two-Thirds of Voters See Economy Weakening or In Recession

* Voters were asked which statement best reflected their view of the economy:

6.0%	The economy is seeing strong growth.
24.3%	The economy is seeing growth, but slow growth.
50.1%	The economy is weakening but we are not in a recession.
17.6%	The economy is in a recession.

A majority of Democratic voters see growth. But an overwhelming majority of Republican and Independent voters see a weakening economy.

Party ID	Growth	Slow Growth	Weakening	Recession	GROWTH	WEAK
Strong Democratic	15.9%	44.0%	33.5%	6.0%	59.9%	39.5%
Lean Democratic	2.9%	50.0%	41.2%	0.0%	52.9%	41.2%
Independent	2.4%	20.7%	54.3%	20.1%	23.1%	74.4%
Lean Republican	0.0%	8.9%	53.3%	33.3%	8.9%	86.6%
Strong Republican	0.6%	5.6%	65.8%	26.1%	6.2%	91.9%

Voters Expect Recession, Inflation to Worsen

* 49.6% of voters expect the nation to be in recession next year while 37.6% expect the economy to be growing. 12.8% are unsure.

Democrats are sharply positive. Republicans are sharply negative. Independent voters are mildly negative.

Party ID	Growing	Recession
Strong Democratic	63.7%	24.2%
Lean Democratic	55.9%	26.5%
Independent	36.0%	48.2%
Lean Republican	17.8%	71.1%
Strong Republican	11.8%	78.9%

* For respondents that say they are personally doing better, 49% see a growing economy and 49% see a weakening economy. For respondents doing about the same, 31% see a growing economy while 66% see a weakening economy. For respondents doing worse personally, 11% see a growing economy while 87% see a weakening economy.

* Economic pessimism is being particularly driven among voters that get their news from Fox News, other websites and social media.

Source of News	Growing	Recession
Local TV/Networks	44.5%	43.7%
Fox News	20.5%	64.4%
CNN/MSNBC	67.9%	24.5%
Talk Radio	34.5%	50.9%
Newspapers	41.7%	45.2%
Other websites	25.0%	61.1%
Social Media	37.5%	50.0%

* When asked if inflation will get better, worse or stay the same in the next year:

40.9% said inflation will get worse.

29.5% said inflation will stay about the same.

23.5% said inflation will get better.

Only Strong Democratic voters believe inflation will get better. All other party affiliations believe inflation will get worse over the next year.

Party ID	Worse	Better	Same
Strong Democratic	21.4%	42.3%	33.5%
Lean Democratic	41.2%	29.4%	23.5%
Independent	41.5%	15.2%	33.5%
Lean Republican	46.7%	11.1%	28.9%
Strong Republican	59.6%	12.4%	23.6%

Few Voters Are Worried About Jobs

- * 77.9% of voters believe there are good jobs for people looking for work. Only 16.1% said there is a lack of good jobs.
 - There is no demographic group below 70% in saying that there are good jobs available.
- * Among those that are currently employed, 19.2% say they are concerned about losing their current job while 80.6% are not concerned.
 - Only 4.7% are VERY concerned about losing their current job. 65.1% are not at all concerned about losing their current job.

77.7% of Voters Say Debt Limit Debate Is "Politics As Usual"

- * Voters were asked if the current debate about raising the federal debt ceiling was a legitimate debate about reducing the deficit or was it politics as usual.
 - 77.7% of voters said it was politics as usual. Only 13.3% of voters said it was a legitimate debate about reducing the federal deficit. There was little statistical difference between demographic groups in voters' assessment that it was politics as usual.

Voters Overwhelmingly Reject National Sales Tax

- * Voters were asked if they support or oppose a proposal to eliminate the national income tax and replace it with a 23 percent sales tax on goods and services.
 - 14.4% of voters support the proposal. 68.0% oppose the proposal.
 - While 6.2% strongly support the proposal, 56.7% STRONGLY OPPOSE the proposal.
 - Support for this proposal is at 20% or lower among every demographic group.

Post Covid Employment

- * Voters were asked their employment status prior to Covid. They were then asked their employment status today.
 - Only 53.4% of those employed prior to Covid are still in the same job.
 - 29.3% of those employed prior to Covid are in a different job.
 - 4.1% of those employed prior to Covid are looking for work.
 - 9.4% of those employed prior to Covid are now in retirement or on disability.
 - 3.8% of those employed prior to Covid are not looking for work right now.
- * 52.6% of those aged 18-29 and 39.3% of those aged 30-39 are now in a new job.
- * 70.0% of those over 65 that were working before Covid are now retired. 12.2% of those aged 50-64 that were working are now retired or on disability.
- * 12.4% of workers that do not have a college degree have moved to retirement or disability.
- * 6.0% of women working prior to Covid are no longer working or looking for a job. 18.2% of those with incomes below \$25,000 are no longer working or looking for a job.
- * 12.0% of out-state workers have moved to retirement or disability.
- * 51.5% of workers that have an income below \$25,000 that were employed pre-Covid have either retired, moved to disability or are no longer looking for work. 15.0% of all female workers employed pre-Covid have either retired, moved to disability or are no longer looking for work. 16.8% of all out-state workers employed pre-Covid have either retired, moved to disability or are no longer looking for work. 17.2% of workers without a college degree employed pre-Covid have either retired, moved to disability or are no longer looking for work.

Two-Thirds Go To Work; One-Third Have a Home/Office Hybrid Job

- * 65.9% of workers have a job that requires them to go into work. 21.7% of workers have a hybrid of going to work and working from home. 12.4% of workers work from home.
- * The most significant statistical differences of job types came by education levels and income levels. College workers and those with incomes above \$75,000 were disproportionately more likely to work from home at least partially.

80.0% of non-college workers have to go into work. Only 51.3% of college workers always have to go into work.

Education	Go to Work	Work from Home	Hybrid
Non-College	80.0%	4.6%	15.4%
College	51.3%	20.6%	28.0%
•			
Income Level	Go to Work	Work from Home	Hybrid
<\$25,000	71.4%	7.1%	21.4%
\$25-50,000	86.8%	5.9%	7.4%
\$50-75,000	79.6%	12.2%	8.2%
\$75-100,000	65.6%	8.2%	26.2%
\$100,000 +	53.3%	17.8%	28.9%

* For workers that work from home or have a hybrid job, 83.3% say that it is important to them that can work at least part time from home. 65.9% of these workers say it is VERY IMPORTANT.

89.2% of female workers that work part time from home say it is important while 77.6% of men say it is important. 72.3% of female 'hybrid' workers say it is VERY IMPORTANT to them.

71.7% of workers with children say it is very important while 60.6% of worker without children say it is very important.

There is a distinct difference by age of the workers who say it is very important to them – with those under 50 significantly more likely to say it is very important to them.

Age	VERY Important
18-29	76.5%
30-39	81.3%
40-49	69.7%
50-64	50.0%
65+	33.3%

- * Workers that work at least part time from home were asked if their employer required them to come in all the time, would they go into the office or would they look for a new job:
 - 53.0% of these workers would go into the office.
 - 33.3% said they would look for a new job.
 - 9.1% said it would depend on the situation.

The sharpest difference came by age. Workers under 40 were far more likely to say they would look for a new job.

Age	Go In	Look for N	New Job
18-29	47.1%	52.9%	
30-39	40.6%	50.0%	
40-49	57.6%	33.3%	
50-64	63.0%	17.4%	
65+	33.3%	0.0%	*66.7% Depends

29.5% of Employers Offering Amenities

* Respondents that work were asked if their employer offered them any unusual amenities. 29.5% of workers said their employers did offer unusual amenities.

When asked what they offered the most popular response was food.

47.4%	Lunches
23.7%	Drinks
19.3%	Snacks and food
9.6%	Games
9.6%	Parties and social interactions
8.8%	Gifts/Gift Cards
7.9%	Gym/Fitness center
5.3%	Bonuses
5.3%	Flexible scheduling
2.6%	Travel/ Work retreats
2.6%	Discounts

^{* 77.2%} of these workers say these amenities are important to them – with 43.0% saying they are VERY IMPORTANT to them.

Voters Say Four Year Degree 'Somewhat Important', But Not Worth It

* 70.9% of Michigan voters say that a college education is important to landing a successful job in Michigan – **but only 26.5% of voters say a college education is VERY IMPORTANT.**

26.5%	Very Important
44.4%	Somewhat Important
11.6%	Not Very Important
11.5%	Not Important At All

Non-college voters say college is important by a margin of 63.6%-30.9%. College voters say college is important by a margin of 80.7%-12.4%.

Voters with children say college is important by a margin of 68.3%-27.2%. Voters without children say college is important by a margin of 72.5%-20.5%.

* There are sharp differences by party affiliation.

Party ID	Important	Not Important
Strong Democratic	82.0%	14.2%
Lean Democratic	88.3%	2.9%
Independent	66.5%	25.6%
Lean Republican	66.6%	28.9%
Strong Republican	60.3%	33.2%

* Despite the importance placed on a college education, only 27.5% of voters said a four-year degree was worth the money while 45.8% said it was not worth the money.

27.5%	Worth the money
45.8%	Not worth the money
24.5%	Depends

51.2% of non-college voters said it was not worth the money compared to 39.0% of college voters.

59.6% of Republican voters said it was not worth the money. 48.8% of independent voters said it was not worth the money. 34.1% of Democratic voters said it was not worth the money.

High School Diploma or Trade Certification Required to Be Successful

* Voters were asked what the minimum level of education you needed to be successful in Michigan:

35.8%	High School Diploma
32.9%	Certification in a Trade Program
11.3%	Two-year associates degree
8.0%	At least some college courses
7.8%	Four-year college degree

- * 43.6% of non-college voters said a high school diploma compared to 24.5% of college voters that said a high school diploma. Comparatively, 28.9% of non-college voters said a trade certification compared to 38.6% of college voters.
- * Voters under 40 were the most likely to say a high school diploma was enough education to succeed.
- * By party affiliation, Republican voters were statistically more likely to say a high school diploma, while Democratic voters and independent voters were more likely to say a trade certification or an Associate's degree. 44.4% of Strong Republican voters said a high school diploma is enough to succeed while only 28.6% of Strong Democratic voters and 31.1% of independent voters said a high school degree was enough to succeed.

Party ID	High School	Associates	Certification	Some College	Four Year
Strong Democratic	28.6%	15.4%	35.2%	8.2%	10.4%
Lean Democratic	35.3%	14.7%	14.7%	26.5%	2.9%
Independent	31.1%	14.6%	34.8%	4.3%	9.1%
Lean Republican	40.0%	0.0%	35.6%	11.1%	4.4%
Strong Republican	44.1%	6.2%	34.2%	6.8%	6.2%

80.0% of Voters Support Two Additional Years of Post High School Education

* By a margin of 80.0%-16.3%, Michigan voters support state financial aid for two additional years after high school for either skilling training community college or college for every student in Michigan. 54.7% of voters STRONGLY SUPPORT two additional years of education.

The only base of opposition comes from 33.3% of Strong Republican voters that oppose two additional years of education.

Party ID	Support	Oppose
Strong Democratic	94.5%	3.8%
Lean Democratic	97.1%	0.0%
Independent	82.3%	15.2%
Lean Republican	68.9%	26.6%
Strong Republican	61.5%	33.3%

* Voters were asked if they support or oppose providing state financial aid for student to get an education past high school.

77.7% of voters said they do support some sort of post financial aid with 46.8% saying it should be offered to all students and 30.9% saying it should be based on income.

Party ID	Everyone	Income Based	No Assistance
Strong Democratic	52.7%	43.4%	1.6%
Lean Democratic	73.5%	17.6%	5.9%
Independent	48.8%	26.8%	16.5%
Lean Republican	33.3%	26.7%	22.2%
Strong Republican	35.4%	25.4%	31.1%

- * Only 15.3% of voters have heard of the Michigan Reconnect program. There were no statistical patterns among demographic groups with few having heard about the program.
- * 23.8% of voters have heard of the Michigan Achievement Scholarship 74.0% of voters have not heard of it.

19.9% of non-college voters have heard of the Michigan Achievement Scholarship with 28.1% of college voters hearing about it.

Voters Split on Shift to Electric Vehicles

* Voters were asked if they support or oppose the automakers shifting from gas powered to electric vehicles. 46.4% support the shift while 44.4% oppose the shift. 33.4% of Michigan voters STRONGLY OPPOSE the shift to electric vehicles.

There is a very sharp partisan divide over the direction of electric vehicles.

Party ID	Support	Oppose
Strong Democratic	72.6%	18.1%
Lean Democratic	64.7%	17.7%
Independent	47.6%	39.6%
Lean Republican	15.5%	73.3%
Strong Republican	24.9%	69.6%

Metro Detroit voters support the shift by a margin of 53.3%-32.4%. Outstate voters oppose the shift by a margin of 40.2%-50.6%,

* When asked why they oppose the shift three primary reasons emerge:

19.6%	Our electric grid cannot handle it.
18.4%	It's too expensive.
13.3%	We do not have the infrastructure for it.
7.5%	They are not any better for the environment.
5.5%	They are not safe or reliable.
5.5%	The technology is not there yet.
4.7%	They are not good for long distance trips.
4.3%	They are not sustainable.

* When asked what they think is the biggest reason for the industry shift to electric vehicles:

43.4%	Government regulations and incentives are moving the industry in that direction.
27.3%	Environmental activists are pressuring the automakers in that direction.
18.0%	Consumer demand and market forces are moving in that direction.

33.9% Will Consider Electric Vehicle For Their Next Purchase

* 33.9% of voters said they would consider an electric vehicle when it is time for their next vehicle purchase. 60.1% of voters said they would not consider an electric vehicle. 4.0% of voters said they already owned an electric vehicle.

38.9% of Metro Detroit voters will consider an electric vehicle while only 29.4% of out-state voters will consider one.

But the three primary demographic drivers were party affiliation, age and income. Democratic voters, voters under thirty and wealthier voters are far more likely to consider an electric vehicle.

	******	******* ~
Party ID	Will Consider	Will Not Consider
Strong Democratic	56.6%	36.8%
Lean Democratic	52.9%	32.4%
Independent	34.1%	60.4%
Lean Republican	13.3%	84.4%
Strong Republican	11.2%	83.9%
Age	Will Consider	Will Not Consider
18-29	51.2%	44.0%
30-39	43.7%	46.8%
40-49	33.1%	61.9%
50-64	25.9%	68.1%
65+	22.2%	74.7%
Income	Will Consider	Will Not Consider
<\$25,000	24.1%	72.2%
\$25-50,000	27.3%	69.1%
\$50-75,000	35.1%	59.7%
\$75-100,000	42.2%	50.0%
\$100,000+	40.6%	51.4%

* By a margin of 57.9%-35.6%, Michigan voters support efforts to invest in the charging station infrastructure to power electric vehicles. While Democratic and Independent voters support investing in the infrastructure, Republican voters strongly oppose investing in electric vehicle infrastructure.

Party ID	Support	Oppose
Strong Democratic	84.0%	11.5%
Lean Democratic	85.3%	2.9%
Independent	57.9%	36.5%
Lean Republican	35.5%	53.3%
Strong Republican	29.8%	65.2%

Whitmer Job Approval Consistent at 54.2%

* Michigan voters approve of Governor Whitmer's job performance by a margin of 54.2%-36.1%. These job approval numbers have been strong and consistent since fall 2021.

Independent voters approve by a margin of 57.4%-29.9%.

Men approve of Governor Whitmer by a margin of 49.4%-41.5%. Women approve by the large margin of 58.6%-31.3%.

Party ID	Approve	Disapprove
Strong Democratic	90.6%	5.5%
Lean Democratic	88.3%	5.9%
Independent	57.4%	29.9%
Lean Republican	20.0%	60.0%
Strong Republican	13.6%	77.0%

Biden Faces Sagging Approval Numbers

* Michigan voters disapprove of President Biden's job performance by a margin of 35.3%-57.9%. 49.1% of voters STRONGLY DISAPPROVE of President Biden's performance.

Party ID	Approve	Disapprove
Strong Democratic	75.3%	15.4%
Lean Democratic	64.7%	26.4%
Independent	27.4%	62.8%
Lean Republican	8.9%	84.4%
Strong Republican	0.6%	98.7%

* Biden faces a problem with Democratic voters under the age of 40.

Democrats/Age	Approve	Disapprove
18-29	56.7%	35.1%
30-39	51.9%	26.9%
40-49	73.9%	16.6%
50-64	93.1%	4.5%
65+	94.4%	2.4%

2024 Motivation To Vote Looking Like Past Three Elections

* Voters were asked on a one to ten scale how motivated they were to vote in next year's Presidential election. The higher the number the higher the motivation. More than 1½ years out, voters are motivated at a 9.1 on a 10.0-point scale – levels consistent with high voter turnout elections in 2018, 2020, and 2022.

Party ID	Motivation
Strong Democratic	9.3
Lean Democratic	9.4
Independent	8.5
Lean Republican	8.8
Strong Republican	9.6

* The chart below compares these motivation levels to past October election levels.

Party Affiliation	Oct 12	Oct 14	Oct 16	Oct 18	Oct 20	Oct 22	Feb 23
Strong Democratic	8.5	7.0	6.7	9.6	9.7	9.4	9.3
Lean Democratic	7.4	6.4	4.7	9.5	9.8	8.5	9.4
Independent	6.6	5.9	5.6	8.9	9.3	8.8	8.5
Lean Republican	8.3	6.2	6.2	9.2	9.7	9.6	8.8
Strong Republican	8.4	6.9	6.5	9.5	9.8	9.7	9.6

MICHIGAN STATEWIDE SURVEY FEBRUARY 2023

Hello, my name is . I'm not selling anything. I'm doing a quick survey of voters' attitudes in Michigan. It should take approximately six minutes. Are you registered to vote at the address I am calling? A. 1. Yes.....CONTINUE 100.0% 2. No....TERMINATE 1. And could you tell me in what county you vote in? UP/North 11.0% 1. 2. West 12.0% 9.2% 3.
